REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newmarket:

During the past year the longed-for industrial recovery of Newmarket has become a fact, bringing with it the responsibility for a more adequate provision for the increased enrollment resulting in the schools. Doubtless the excellence of the schools in Newmarket has been frequently offered in recent months as one inducement for the settlement of new residents and industries in town. We are fortunate in having classroom facilities ready for the still further expansion necessary in the coming year.

The present enrollment in the public schools is as follows:

Stone School

Miss Eleanor Evans, Grades I and II	45
Miss Jennie Young, Grades II and III	54

Central School

Miss Frances Durell, Grade IV	41
Miss Pauline Wiggin, Grade V	34
Miss Mattie Locke, Grade VI	45

High School

Junior, Grades VII and VIII	77
Senior, Grades IX and XII	108

Total	404
-------------	-----

This is an increase of 18% over the total of last year, the increase being wholly in grades I-VIII.

The High School staff is as follows:

- Mr. James A. Boyd, Headmaster, History, Sociology, Economics, Debating.
- Mr. William G. Ramsden, Submaster, Science and Mathematics, Manual Training, Coach of boys.

Miss Doris Cate, Commercial Subjects, School Bank and Paper.

Miss Emma D. Brisson, French, Latin, Junior English, Girls' Coach.

Miss Alice E. Walker, English and Biology.

Miss Elizabeth G. Saunders, Junior History and Mathematics.

Miss Bertha A. Pellerin, Home Economics, Geography.

Miss Martha Walker, teacher Music in all grades.

The year 1935 marks the 300th anniversary of the Boston Latin School, the forerunner of the American high school, a division of our national school system that has grown by leaps and bounds in recent years until, in response to public demands, it has become (as much as the elementary school once was) the school for "all of the children of all of the people." In accordance with the announcement of President Roosevelt, suitable celebrations of the event will be held during the year throughout the country.

Last year Newmarket maintained six public schools, with nine women and two men as teachers. There were 405 different pupils registered, of whom 192 boys and 194 girls were not previously registered elsewhere in the state. The schools were actually in session 350 half-days, with an aggregate attendance in half-days of 122,545. The enrollment and average age by grades were as follows: 26 first 6 yrs. 4 mo., 29 second 7-2, 24 third 8-4, 38 fourth 9-6, 32 fifth 11-0, 37 sixth 12-6, 36 seventh 12-11, 35 eighth 14-3, 38 ninth 14-8, 37 tenth 15-7, 24 eleventh 16-11, 27 twelfth 17-5, 3 post-graduate. There were 45 pupils between 5 and 8 years of age, 189 8-14, 86 14-16, 64 16-21, and 2 over 21. The attendance statistics were as follows:

	Average Attendance	Average Absence	Average Membership
Elementary (Grades 1-8)	234.00	7.76	241.76
High	116.13	3.19	119.32
Total	350.13	10.95	361.08

The per cent. of attendance was 96.96.

There were 196 cases of tardiness, but 49 pupils were neither absent nor tardy during the year. There were 13 non-resident pupils in grades 1-8, and 26 in the high school. Sixty-seven pupils were transported at district expense. Nine teachers held permanent certificates, while two held licenses. The School Board held 22 meetings and made several visits to the schools. Other visits included 553 by the Superintendent and 211 by other citizens.

While the examination of the School Nurse, Miss Margaret MacDonald, showed for the most part a healthy condition and normal progress in weight and stature on the part of the pupils, it also disclosed the following defects:

10% underweight	70
Defective vision	13
Defective hearing	25
Deformity	9
Defective teeth	283
Diseased tonsils	87
Defective breathing	49

These conditions were all reported to the homes. Through the co-operation of parents and doctors, 144 of these defects were corrected. The nurse also investigated 82 cases of communicable diseases, making daily examinations when necessary. Five special clinics, including two out of town, were attended by the nurse and pupils, at which 242 treatments were given, including dental work, diphtheria prevention, tonsil and adenoid operations, and prevention of tuberculosis.

During the present year, the sum of \$244.95 was made available by the federal Child Health Recovery Program, out of which six pairs of glasses, 64 dental treatments, and 16 tonsil operations were financed, benefiting both public and parochial school pupils. The federal milk distribution of last year has been

continued, at the rate of some 1900 half-pint bottles per month.

In addition to the School Board's financial report, the following comparative statistics may be of interest:

Per Pupil Cost—High School

Median for N. H.	\$94 68
Newmarket	92 21
Newmarket net cost (less tuitions)	71 74

(Tuition pupils reduce the per pupil cost of high school expenditure by 22%).

Per Pupil Cost—Elementary

Median for N. H.	\$72 46
Newmarket	60 25

The expansion of school facilities made necessary by restored prosperity can evidently be made without exceeding what may be considered a reasonable standard of expenditure in our state.

Respectfully submitted,

CHESTER W. DOE,

Superintendent of Schools.

February 14, 1935.
